# Frangipani House

## A place for you in Parramatta

Frangipani House supports people living with mental illness on their recovery journey. Our aim is to help people avoid isolation; and give them a secure and inclusive place to go.

Our members and team work collaboratively to develop activities that build social, recreational, vocational and educational skills in a safe and positive environment.

These activities contribute to the day-to-day running of the centre and help each person to build self-esteem and confidence.

Frangipani House warmly welcomes people to the centre; to come and make friends, take part in activities or simply have a cup of coffee and a chat.

## Referral Path & Eligibility

Frangipani House tailors support to people with an NDIS package. Walk-ins are also welcome.

Our activities include:
